## PROFESSIONAL PROFILE

Data Science-focused Computer Science and Engineering undergraduate with strong foundations in data analysis, programming, and machine learning. Experienced in technical coordination, communication, content management, and student leadership, with an interest in applying technical and analytical skills in a professional business and financial-services environment.

## EDUCATION

**East West University** — B.Sc. in Computer Science and Engineering (Major: Data Science)

12th Semester (134/140 credits completed) | CGPA: 3.53/4.00 | Expected Graduation: 25 December 2026

**Relevant Coursework:** Database Systems, Statistics for Data Science, Artificial Intelligence, Machine Learning, Big Data Analytics, Software Engineering

## WORK EXPERIENCE

**IT & Social Media Manager — Swadesh Pratidin**

June 2025 – December 2025 | Dhaka, Bangladesh

- Managed official email and online accounts.
- Supported PC-related tasks and software/application installation.
- Researched trending topics and assigned appropriate tags to improve post reach.
- Reviewed videos for compliance with YouTube guidelines.

## LEADERSHIP & ACTIVITIES

**Event Coordinator — IEEE Computer Society Student Branch Chapter, East West University**

January 2026 – Present

- Coordinate and support the planning and execution of technical events, workshops, seminars, and student activities.
- Collaborate with executive members, speakers, and volunteers to support smooth event operations.
- Assist with event promotion, participant communication, scheduling, and on-site coordination.

**Newsletter Editor — IEEE East West University Student Branch**

January 2026 – Present

- Manage and edit newsletter content covering IEEE activities, technical events, achievements, and student initiatives.
- Coordinate with team members to collect, review, and organize content for publication.
- Ensure consistency, accuracy, and professional presentation of newsletter materials.

## SELECTED PROJECTS

**Market Basket Analysis Dashboard** — Python, Machine Learning, Streamlit

- Performed market basket analysis to identify product associations and customer purchasing patterns.
- Developed an interactive dashboard to visualize analytical insights and association results.

**Customer Churn Hybrid AI** — Python, Machine Learning

- Developed a hybrid AI-based customer churn prediction system.
- Applied data preprocessing, machine learning techniques, and model evaluation to identify customers at risk of churn.

## RESEARCH & PUBLICATIONS

Smartphone image dataset for machine learning-based monitoring and analysis of mango growth stages — *Data in Brief*, 2025 (Published)

A hybrid quantum-classical approach for fruit classification and calorie prediction using machine learning — *Quantum Shield for AI Security*, 2026 (Published)

15 Optimizing Information — *Artificial Intelligence and Optimization Techniques for Smart Information System Generations*, 2025 (Published)

## CERTIFICATIONS, TRAINING & AWARD

Business Analytics with Power BI (Unbolt Academy, 2025) | SQL (Intermediate) (HackerRank, 2025) | Python (Basic) (HackerRank, 2025)

Agile Project Management (HP LIFE, 2025) | Basics of Business Communication (UniAthena, 2025)

**Medha Lalon Scholarship** — East West University, 2025 & 2026 (awarded consecutively in recognition of academic performance)

## TECHNICAL SKILLS

**Programming:** C, C++, Python, Java, JavaScript, PHP, HTML, CSS

**Database:** SQL, MySQL

**Data & Analytics:** Data Analysis, Machine Learning, Business Analytics

**Tools/Technologies:** Power BI, Streamlit, FAISS
